Notes : Due to the large volume of NHI cards to be turned in and exchanged for new ones upon reaching the 3-year validity limit, those who are overdue for a change of card will have their cards automatically revoked by the second-generation statistical program on the second half of year 2004. In addition, the insurance payment division of the NHI received a list dead information , files on the seriously ill and injured, as well as those seriously ill and injured, which were later marked off as dead. This has caused the actual number of valid NHI cards issued for the seriously ill and injured to go down.
